

40 Hodges Road, Kellyville

Adaptable Home - Ideal for multigenerational living

Three adaptable town homes with smart home technology and luxury finishes have just been released. These large, 3-level town homes are ideal for multigenerational living, allowing the older generation to gracefully age in place while providing space and comfort for the whole family.

The ground floor has been thoughtfully designed, so when the timing is right, it can be easily and seamlessly converted for a wheelchair accessible occupant. A provision for a future lift, enables the wheelchair occupant to easily access the second level living areas, allowing the ongoing daily interaction with the whole family unit.

The ground floor also offers an oversized rumpus and bar area, seamlessly opening up onto the yard. The perfect indoor/ outdoor play area. The second level is dedicated to a beautiful open plan living space flowing onto an outdoor terrace. The third level has 2 bedrooms plus a luxurious master bedroom suite with a walk-in robe and ensuite.

This home accommodates the whole family, in luxury, without compromise. And like all of the Bel-Air town homes, it is also home automated, bringing cutting edge technology into your home
